(a) Diagram showing correlation between various variables such as WCORPL, WNFLR1, WCORILE, WDA1R, WHER, WHH1, WHM1, WHM2, WNFL1V, WROZM, WROZX, WTHH. The y-axis represents correlation values ranging from -0.5 to 1, while the x-axis lists the variables. The dots indicate mean calibration versus original calibration.

(b) Similar diagram as (a) with a focus on different variables.
