Dear Editor:

We are very grateful for the quite thoughtful reviews. Clearly, much time and effort was put into each on the part of the reviewers and we appreciate their comments very much. We outline our response to these comments and also to your own concerns in the enclosed file.

We are also ready for re submit the revised version of our manuscript, now titled,
C1280

“Hydroclimate variability of the north-western Amazon basin, near the Andean foothills of Peru during the last 1600 years”.

Please also note the supplement to this comment:
