

Interactive comment on “Refining error estimates for a millennial temperature reconstruction” by M. N. Juckes

V. Masson-Delmotte (Editor)

valerie.masson@cea.fr

Received and published: 22 February 2010

Dear authors, Both reviewers of your manuscript raise deep concerns about your manuscript. In the present form, this manuscript cannot be considered for publication in Climate of the Past and I have to close the review process. I encourage you to take into consideration the suggestions raised by the two reviewers both on the statistical methods and on the structure and form of the manuscript, and submit a new manuscript. Sincerely, Valerie Masson-Delmotte.
