

Interactive comment on “Abrupt climate changes of the last deglaciation detected in a western Mediterranean forest record” by W. J. Fletcher et al.

W. J. Fletcher et al.

Received and published: 10 March 2010

Yes, we fully agree with the principle that published pollen counts should be made available to the scientific community. All pollen data for marine core MD95-2043 are permanently archived and accessible at Pangaea (doi:10.1594/PANGAEA.711649).
