

Interactive comment on “A shift in the spatial pattern of Iberian droughts during the 17th century” by F. Domínguez-Castro et al.

J. Guiot (Editor)

guiot@cerege.fr

Received and published: 16 July 2010

Dear authors,

we have received two reviews of your paper. Both reviewers find it interesting and recommend publication. I encourage you to post a reply to both reviews and to propose a corrected version of your ms, taking into account the comments. Please post with this new version a letter where you explain the changes you made and in cases where you disagree, explain your arguments.

Thank you to have chosen Climate of the Past to publish your results.

Best regards

C452
