We thank Marcela for her comments and suggestions. Please find below our response.

Response General Comments: I.Introduction. P 3207 – line 20. As suggested, we will clarify and explain this in detail. II.As suggested, we will include, when appropriate, previous findings (presented in the introduction), into the discussion section.

Specific comments: P 3207- line 12: we will include appropriate citations. P 3206 - lines 8 and 16-17: we will clarify the confusion regarding the location names, and will double-check the reference list again. P3228 - lines 9-11: we will clarify the type of peatland the sampled took place.

Details: P 3211 –line 14-16: we will correct this statement to match Table S1 (nice C2127

catch–thanks!). P 3213 – line 22& P 3214 – line 6, 11: we will replace the terminology as suggested.
