Dear Dr. Boucher,

The Open Discussion of your manuscript is now closed. In my previous comment from May 9, 2011 I made a number of suggestions and recommendations based on the reviewer's comments as well as on my own evaluation of this paper. Please consider all points raised in my previous comment, and those raised by the referees, before submitting a revised version of this manuscript.

Please note that all comments have to be answered in the public discussion before a revised manuscript can be considered for final publication in Climate of the Past.

I look forward to hearing from you in the near future.
