I can't say anything about English text, because I'm not native.

I do not have important changes to suggest, but only these points:

- 1.- Correct the mistakes in the references that have been highlighted in the pdf corrected.
- 2.- Correct in Figure 1: "Vallo" to "Valle".
- 3.- Remove some of the repeated references in the text. There is an abuse of references in the text.
- 4.- Since it refers to Orce, also should be referenced Atapuerca and Vallparadís. Eg:
