

Interactive comment on “Mid-Holocene climate reconstruction for eastern South America” by L. F. Prado et al.

V. Rath (Editor)

vrath@ucm.es

Received and published: 6 May 2013

Dear Authors,

your manuscript has now been reviewed by three referees, all of them recommending it's publication in CP. Therefore I invite you to submit a revised manuscript, taking into account all the major and minor comments/suggestions made by the reviewers. You are also required to reply to the reviews in order to close the open discussion phase.

Looking forward to see the revised article,

Volker Rath
