

# ***Interactive comment on “Changing correlation structures of the Northern Hemisphere atmospheric circulation from 1000 to 2100 AD” by C. C. Raible et al.***

**C. C. Raible et al.**

raible@climate.unibe.ch

Received and published: 27 November 2013

Dear Prof. Goosse,

Thank you again for your editorial guidance. We uploaded the responses to the reviewer. We are able to treat all comments with caution (see point-to-point responses), in particular concerning the TCR and the introduced indices. Still, we need a bit more time to include all final changes in the manuscript.

Best regards

Christoph Raible and Flavio Lehner on behalf of the author team
