

***Interactive comment on “Impact of melt water on high latitude early Last Interglacial climate” by E. J. Stone et al.***

**E. J. Stone et al.**

d.j.lunt@bristol.ac.uk

Received and published: 7 June 2016

Please see attached for a response to both reviewers' comments. Our response consists of a point-by-point response to the comments, followed by a track-changes version of our proposed revised manuscript relative to the originally submitted version.

Please note that we will provide the revised Figure 1 following the Editor's initial decision.

Please also note the supplement to this comment:
