As mentioned in the document server of the university library, tambora.org is the successor of HisklidCORE (see <https://www.freidok.uni-freiburg.de/proj/3> & <https://www.freidok.uni-freiburg.de/data/10416>)

So "HISKLID database" as mentioned in Tab.1 should be replaced by "tambora.org" as the data is available there. It has it's own DOI for citing: "10.6094/tambora.org".
