

Dear Dr. Plumpton,

We would like to thank you for the wonderful news of acceptance. While the process was long, it was extremely helpful. We sincerely appreciate all the suggestions by all five referees who greatly improved the quality of the research.

We have removed the sentence in question from figures 7, 8, and 10. We also rewrote and downscaled the figure caption from Figure 1. Lastly, we did a final proof read and deleted a few typos that were found.

Please let us know if you need anything else.

Kind regards,

Dr. Vachel A. Carter
