Climate of the Past Discussions

Interactive comment on "Wet avalanches: long-term evolution in the Western Alps under climate and human forcing" *by* Laurent Fouinat et al.

Laurent Fouinat et al.

laurent.fouinat@gmail.com

Received and published: 25 July 2018

On behalf of my co authors I would like to thank Referee #1 for the positive comments made on the manuscript and the time spent to carefully read the text. We appreciate that the referee thinks the manuscript is well organized and constitutes a significant contribution to the understanding of long-term evolution of wet avalanches in Western European Alps.

Minor technical issues: Page 2, line 25: Delete 'a' in 2007a Page 4 line 1 (Heading): Change to: High-resolution seismic survey Page 25: Please put Table Heading above Table 1
