Received and published: 3 June 2019

Dear authors,

Two reviewers have now posted comments on your manuscript. Both have raised substantive issues. Although I note that Referee #2 has recommended rejection, I am willing to consider a revised manuscript. However, this would be dependent upon you comprehensively revising the manuscript in line with the comments that you have received.

Therefore, please ensure that you respond carefully and thoroughly to each review comment.

Steven Phipps, Handling Editor
