

Lisbon, 25th September 2020

Dear Editor Luc Beaufort,

We are submitting the revised version of the manuscript " Coccolithophore productivity at the western Iberian Margin during the middle Pleistocene (310 – 455 ka) – evidence from coccolith Sr/Ca data " [cp-2019-131] in which we address the three minor revisions asked from you, all changed accordingly.

I also added the doi link, under **Data availability**, of the Pangea webpage from where the data will be available and freely downloadable.

Once more, thank you very much for your understanding throughout the revision process and under such a challenging pandemic situation.

Best regards, on behalf of all co-authors,
Catarina Cavaleiro
