Received and published: 29 April 2020

We are extremely grateful for the detailed report by anonymous referee #2 and would like to thank them for their time and effort in reviewing our manuscript cp-2020-10. Beyond the suggestions that will improve the science of the paper, we very much appreciate the time and effort invested in streamlining the language of our manuscript. Our response to the reviewer’s comments is provided as a PDF in the supplement to our comment.

Please also note the supplement to this comment:
