Suggestion 2:

Could you check the format of your manuscript? Furthermore, could you use (Appendix A or B or C or D) when you refer to the content in Appendix? It will be much more clear.

Response 2:

We are grateful for the suggestion. Accordingly, we have changed numbers into Appendix D with numbers when we refer to the original lines of poems in the text. And we have checked other format issues of our paper according to the requirements of *Climate of the Past* and the latest articles published in the journal. Please find details in the latest version of the manuscript.
