Dear Referee #2,

Thank you for your time and effort to provide constructive feedback on our manuscript. We have replied to each of your comments and concerns in the attached document. Specifically, we will include a separate discussion section in a revised version of our manuscript. In this section, the missing references that the reviewer pointed out will be included. We expect this change will address the reviewers' concerns about the clarity and structure of the text, as well as improve the discussion of potential implications of our results and the comparison with existing literature.

Yours sincerely, Anne Morée and co-authors
