Thank You for the careful evaluation of the article!

Here are the corrections:

1. I added information about the migration and vegetation dynamics.
2. I adjusted the character sizes on Figures 1, 3 and 4. I added note to the caption of Figure 3 regarding the scale on the photographs.
3. The sentences 27-29 "although...": I deleted the hypothesis and reference to Fu et al. 2015 that was questioned by Wolkovich et al., *Global Change Biology*, 2021;27:4947-4949 doi: 10.1111/gcb.1574). I added new references regarding the modern phenological observations to lines 29 and 188-189. Otherwise, I did not rephrase the sentence.
