

Dear Bjørg Risebrobakken,

Thank you for your comment regarding the figure, it was a good point, indeed!

I have added a new line in the acknowledgements (text file)

I have made two minor aesthetic corrections of the other existing figures:

Figure 1: I have made the “Norwegian-Greenland Sea” more visible.

Figure 2: I have added brackets to “a” and “b” to make it more in line with remaining figures and aligned the upper text line in the Figure 2

I hope that this is OK.

My best regards

Kasia K Sliwinska
